

# Manage Your Assets with Belacon

Use One Company to Manage Your RTI and RPC Assets.

## What Is It?

The Belacon Network is the largest geographic asset management company in North America. It has both national reach and local coverage, to store, ship, repair, and control your assets in a cost effective manner. Let Belacon manage your pooled assets so you can concentrate on the services which you do best.

## Why Do I Need It?

If you experience shrinkage, damage, loss, or delays due to logistics performance, the Belacon One Source Solution can satisfy your needs.

## Choose Belacon!

Choose Belacon to be your single source provider for transporting, storing, tracking, tracing, and maintaining your pooled assets. We have strategically located facilities to meet local and regional needs as well as coast-to-coast options.

We can provide transportation, regionally and coast-to-coast for your pooled assets.

Belacon has IT systems specifically designed to provide you with real-time data on your pooled asset. Bela-trax is utilized by customers daily to track and trace millions of pooled assets, and is a solution to your pooled asset management needs, which will be brought to you at no cost.

**Bottomline:** The Belacon Network has the capacity and the capabilities to manage your assets, to save resources and lower infrastructure costs.

Pallets, Crates, Bins,  
Carts, Racks and  
Other RTIs
